Dear Colleagues,

On behalf of the Myanmar Ministry of Social Welfare, Relief and Resettlement, it is our great pleasure to invite you to participate in a symposium on Diversity Management in the Age of Globalization from 22-23 November 2017 at Mingalar Thiri Hotel in Nay Pyi Taw.

The purpose of this two-day symposium is to assess how issues of diversity have fostered more inclusive, robust states and societies and to develop lessons for the Myanmar context. Drawing on examples from North America, Africa and the Asia-Pacific, international experts will discuss how issues related to ethnic, religious and gender diversity were managed by government agencies and societal groups to enhance state-societal relations, promote social harmony and ensure peace and stability.

Participants will include senior government officials, diplomats, members of civil society, scholars and luminaries from around the world. Attendance will be limited, making it an ideal setting for candor, discussion and learning.

We look forward to seeing you in Nay Pyi Taw!

Sincerely,

Ministry of Social Welfare, Relief and Resettlement

Nay Pyi Taw, Myanmar
